- 13.Names , Designations and other particulars of the Public Information officers
- 14. Other information as may be prescribed
- 15.Internal procedure to be followed by The Directorate of Agriculture during implementation of RTI Act, 2005.
- 16. Declaration

ACTION TAKEN ON MATTERS RELATING TO 17 MANUALS.

SECTION 4 (1) (b) OF THE ACT :

1. The particulars of its organization, functions and duties :

The Agriculture Department, Assam was created in April, 1882.

At the time of creation, there was no agricultural expert in the Department.

The Department was then engaged in conducting crop-cutting experiments on winter rice, mustard and sugarcane. The reason of conducting crop-cutting experiments was to assess productiveness of land to prepare assessment proposals during settlement.

In 1893, an Agricultural Conference was held in Simla. In accordance with the recommendations of this conference, Government of India deputed Sir E. Buck to Assam in 1895 to discuss with Assam Government about the recommendations. Sir E. Buck advocated appointment of an Agricultural Expert to (1) ascertain "agricultural defects" and (2) introduce agricultural improvements. In the year 1897, Mr. B. C. Basu a Deputy Collector of Bengal and a graduate of an Agricultural College in England was appointed as Assistant Director.

Although Assam was a separate province it was amalgamated with Eastern Bengal in 1905. In the new province of Eastern Bengal and Assam the Agriculture Department was separated in 1907 form the combined Department of Land Records and Agriculture. After the creation of a separate Department, expansion of the Department took place quickly. Assam became a separate province again in 1912 when the Agriculture Department was again combined with that of Land Records and continued up to 1922. In 1923 three allied Department of Agriculture, Cooperation and Industries were combined.

In a Memorandum prepared by Rai Bahadur, K.L. Barua, B.L., the then Director of Agriculture, Assam in 1927 for submission to Royal Commission on Agriculture, a vivid picture of growth of Agriculture Department is found.

The Department saw considerable expansion in its first half century's existence although it was combined either with Land Records or with Industries and Cooperation Departments except for the period from 1906 – 07 to 1911 – 12 when Assam was amalgamated with Eastern Bengal. In 1930, Industries and Cooperation Department were separated and Agriculture became an independent Department in November 1930. Mr. A.G. Birt joined as the first technically qualified Director of Agriculture, Assam on 01.04.1931. However, his predecessors being generalists were none the worse in their understanding of agricultural situation of the state as may be seen from increase in strength of officers and staff and establishment of research stations on major crops during the first 50 years.

The Director of Agriculture is the overall in-charge of all matters relating to financial and personal management & implementation of schemes / projects.

Presently, at the field level, there are 3 Additional Directors posted at Kokrajhar, Diphu and Haflong. There are 9 zonal Joint Directors posted at Nagaon, Tezpur, Dhemaji, Silchar, Barpeta, Dhubri, Goalpara, Jorhat and Tinsukia. The district agriculture is headed by the District Agricultural Officers posted

in each of 23 districts. At sub-division level there are 63 Sub-divisional Agriculture Officers. The 382 Agricultural Development Circles are looked after by the Agricultural Development Officers, who are supported by 2948 nos. of Village Level Extension Workers at grass root level.

The Agricultural Engineering Wing is headed by a C.E.(Agri) of the Directorate of Agriculture, Assam. At the field level, there are Superintending Engineers at the Zonal Level followed by Executive Engineer(Agri)'s at the Divisional level & Asstt. Executive Engineer (Agri)'s at the Sub-Divisional level alongwith necessary infrastructure in District and Civil Sub-Divisions. The Engg.Wing looks after the planning, execution & monitoring of the various schemes related to Agril. Wing activities.

The Agricultural Statistical Wing is a combination of 3 different wings – the Statistical Wing, the Monitoring & Evaluation Wing and the Crop Insurance Wing. The Statistical wing is headed by the Joint Director of Agriculture (Statistics), the Monitoring & Evaluation Wing is headed by the Deputy Director of Agriculture (M&E) and the Crop Insurance Wing is headed by the Executive Officer (CIS). At zonal level there are 5 nos. of zonal Statistical Officers attached with the zonal Joint Directors. At district level, there are 21 Statistical Officers who are assisted by the Inspector of Statistics and his subordinates.

MISSION, VISION & OBJECTIVES OF THE DEPARTMENT :

The Mission of the Department is to strive for enhancing productivity and total volume of quality production through an integrated approach for infrastructure development and extension services in the rural areas, capacity building of the community, institutions, government departments / agencies, FMCs & other Self-Help Groups, NGOs, private institution, application of modern technology by upgradation of research and development activities in the field of agriculture, land management, irrigation, fisheries, animal husbandry & veterinary, sericulture and other related activities, value addition of agricultural products through marketing supports & agro processing of agricultural and horticultural products, as also by removing any bottleneck for sustainable development.

The Vision of the Department is to restore Assam's past glory and achievement of self reliance and rural prosperity through adoption of scientific agricultural & allied practices for production of foodgrains and other crops thereby raising the quality of life of millions of rural people and thereby contributing to the growth of a vibrant, self-sustaining and surplus economy.

The Department's objectives are -

- 1. Removal of rural poverty,
- 2. Employment to all rural unemployed through the self-employment mode in the rural sector itself,
- 3. Improvement of nutritional standards and quality of life of the people so as to bring them at par with the developed world,
- 4. Removal of rural urban disparity in income and opportunities,
- 5. Discouragement to rural urban migration and thereby minimising congestion & other associated problems in the society.
- 6. Economic empowerment of women,
- 7. Reduction of human drudgery in agricultural pursuits & enhancement of dignity of labour.
- 8. Protection and upgradation of the environment for ensuring ecological balance, avoidance of global warming and healthy living for man and animals

The different branches / wings of the Directorate look after implementation of various schemes

/ projects.

ORGANISATIONAL SET-UP/STRENGTH OF DIRECTORATE OF AGRICULTURE, ASSAM

a. Technical :

1.	Director of	Agriculture	-	1
2.	Director of	Horticulture & Fruit Processing	-	1
